THE FUTURE IN PERFORMANCE

Hahn RaceCraft, well-known in Ecotec circles for the baddest street-strip TurboSystems, will be attending.

They will bring a full clip of Ecotec-powered cars featuring their proven, powerful yet streetable technology:

- 400 HP Super 20G Turbo Cobalt SS
- 600 HP GT35R Turbo Cobalt SS
- 800 HP GT4088R Turbo Sunfire

Bill Hahn will be on hand to answer questions about all things Turbo Ecotec. Adam Hahn will show off the latest version of his Turbo Sunfire.

All updated information about this event will be posted on the CobaltSS.net Thread:
