

GM ENGINES vs. JASPER ENGINES

Original equipment quality vs. reverse engineered approximations

QUALITY AND ENGINEERING (ALL ENGINES ARE NOT CREATED EQUAL)

- ✓ **GM Engines are manufactured from original blueprints** and updated to incorporate the latest engineering upgrades.
- ✓ **GM's focus is singular**—to build engines designed to optimize the performance of a specific GM vehicle.

- ✗ **Jasper Engines are reverse engineered** approximations of the original product. Jasper remanufactures engines from a wide range of OEMs.
- ✗ **Jasper is a generalist** and does not specialize in any particular product or vehicle.

GM WARRANTY

- ✓ The GM warranty makes it easy for vehicle owners and independent shops to get warranty work done.

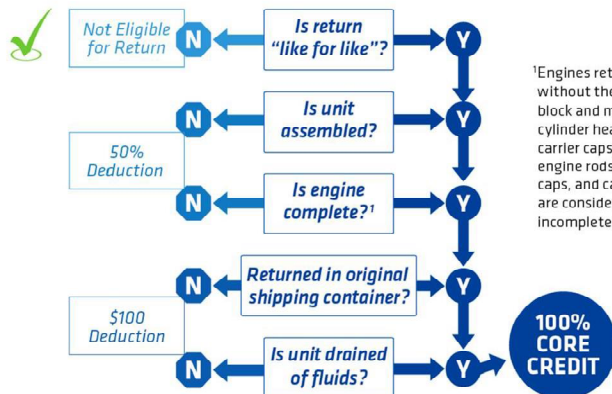

JASPER WARRANTY

- ✗ The Jasper warranty is not as straightforward . . . please read carefully.
